As baby boomers age, the average age of your life insurance clients is increasing. To remain competitive, it's crucial to understand how to submit business for older-age applicants. Minnesota Life and Securian Life, a New York admitted insurer, have expertise in mature underwriting, with cognitive and mobility screenings, allowing us to offer Preferred Select, Preferred and Non-Tobacco Plus underwriting classes to many applicants – up to age 85.

Applicants age 70 and over

- Do not need to complete treadmill stress tests.
- Must provide Third-Party Financial Documents (TPD) instead of Personal Financial Statements (PFS), Personal History Interviews (PHI) and Commercial Inspection Reports (CIR) for amounts over \$1 million.
 - TPDs include documents such as audited business financials, net worth statements or tax returns signed by a CPA.
- Will undergo additional screening on:
 - Activities of Daily Living (ADL) questionnaire
 - Peak flow testing
 - Timed get up and go
 - Clock face drawing

Make the medical history process easier

The tele-interview avoids clients giving medical history multiple times - to the advisor, examiner and PHI interviewer. The client's Part 2 is completed during one phone call, and you can help prepare the client ahead of time. In addition to the tele-interview, an examiner will meet with the client to collect lab work, physical measurements and blood pressure readings.

Tele-interview face amount guidelines

The tele-interview process has three stages determined by the total face amount requested. Higher face amounts prompt additional underwriting questions. Note the face amount breakdowns:

- \$0 - \$1,000,000
- \$1,000,001 - \$10,000,000
- \$10 million +

Use the chart below to determine the underwriting requirements needed. Note the face amount closely - questions and additional requirements will depend on it.

Mortality credits guidelines

Minnesota Life and Securian Life, a New York admitted insurer, have developed a reputation for improving our underwriting standards through ongoing research and development. As noted in our build chart (F58854-5) and preferred criteria (F58854-6), we offer a mortality credits program that will allow better-than-published guidelines decisions for many of your clients. **Please note: The guidelines and exceptions below assume no other exceptions are being made.**

Tobacco guidelines

Preferred Select pricing

Guideline: No tobacco or nicotine surrogate use in the past 36 months; negative specimen.

Exceptionally, will allow:

- 12 or fewer cumulative tobacco uses per year and nicotine (cotinine) marker on urine specimen is negative.
- Tobacco uses include cigar, pipe, chew, cigarettes and nicotine surrogates.

Non-Tobacco pricing for all other rate classes

Guideline: No tobacco or nicotine surrogate use in the past 12 months; negative specimen.

Exceptionally, will allow:

- 12 - 24 cumulative tobacco per year and nicotine (cotinine) marker on urine specimen is negative.
- Tobacco uses include cigar, pipe, chew, cigarettes, and nicotine surrogates.

Tobacco pricing

- More than 24 tobacco uses per year.
- Positive nicotine (cotinine) marker on urine specimen, regardless of admitted usage.

Family history Preferred classes exceptions

If the first degree relative died at age 58 or 59, Minnesota Life and Securian Life will consider the client for the best class eligible.

Preferred Select exceptions for family history of cancer

- No more than one parent or sibling dying of cancer prior to age 60, proposed insured must be aged 60 or over and have outlived that relative for 10 years.
- Preferred Select available if all other criteria qualify and no stretch.

Preferred exceptions for family history of diabetes

- No more than one parent or sibling dying of diabetes prior to age 60, proposed insured must be over age 60 and have outlived that relative by 10 years.
- No Preferred Select available, no stretch on any other criteria.

Cholesterol Preferred exceptions

Preferred Select	Preferred	Non-Tobacco Plus
<ul style="list-style-type: none"> Cholesterol \leq 250 and ratio 4.5; may include treatment for hypertension and/or cholesterol. 	Ages < 50 <ul style="list-style-type: none"> Cholesterol < 270 and ratio < 6.0 with no treatment for hypertension or cholesterol Cholesterol < 300 and ratio < 5.0, with no treatment for hypertension or cholesterol. 	Ages > 50 <ul style="list-style-type: none"> Cholesterol up to 300 and ratio up to 6.0 with no treatment for hypertension or cholesterol.
		<ul style="list-style-type: none"> Cholesterol up to 300 and ratio up to 7.0 with no treatment for hypertension or cholesterol.

Build stretch guidelines

Preferred Select	Preferred	Non-Tobacco Plus
If applicant meets all Preferred Select criteria except Build (and Build still meets the published Preferred limit), we will issue at Preferred Select.	If applicant meets all Preferred criteria except Build (and Build still meets the published Non-Tobacco Plus criteria), we will issue at Preferred rates.	If applicant meets all Non-Tobacco Plus criteria except Build (and measured Build is within 10% of the published Non-Tobacco Plus limit) we will issue at Non-Tobacco Plus rates.

MVR exceptions

Two, three and five-year rule: If, at the time of the underwriting decision, the proposed insured is within three months of qualifying for Non-Tobacco Plus, Preferred or Preferred Select rates and the individual otherwise qualifies for this class without making any other exceptions, Minnesota Life and Securian Life will allow approval at Non-Tobacco Plus, Preferred or Preferred Select rates.

Our innovative underwriting gets you to the top, and we'll help keep you there. For more information about these underwriting exceptions and stretch guidelines, contact the Life Sales Support Team today.

Third party financials

Get the right documents for large cases

Minnesota Life Insurance Company and Securian Life Insurance Company, a New York admitted insurer, specialize in underwriting large face amount cases. To help your underwriter deliver a quick decision, make sure you provide accurate and verifiable information. Face amounts over \$10 million (over \$1 million for applicants ages 70 and over) require signed and dated third party financial documents.

Acceptable sources

- Certified Public Accountant (CPA)
- Personal attorney
- Personal banker
- Minnesota Life or Securian Life financial supplement signed by CPA/Attorney
- Tax returns (2-3 years if possible)
- Broker-dealer statements (401(k), mutual funds, bank account statements)
- Tax assessment or appraisal
- Audited CPA-signed business or personal financial statements
- Underwriter call to client's personal CPA or attorney

If the potential sale is over \$10 million, your underwriter should review the case before you complete an application. You will discuss the proposed coverage, competition and details of other policies in force.

To learn more about third party financials or large scale cases, call your Minnesota Life or Securian Life underwriter today.

How we look at financials

When it comes to financial underwriting, Minnesota Life and Securian Life, a New York admitted insurer, specialize in large death benefit applications, ranking among the industry leaders in average policy size. We have widespread expertise with aggressive financial guidelines to manage cases well beyond our retention limits. This translates to competitive, timely decisions made by professional and experienced underwriters.

Financial underwriting

- Financial underwriting verifies a valid, insurable interest exists and justifies the amount of life insurance applied for. It maintains an acceptable level of persistency for all parties.

Insurable interest

- The death benefit must approximate the financial loss of the beneficiary created by the death of the insured.
- The amount of insurance is based on the financial details of the sale, not by the affordability of the premium.
- Insurable interest is usually straightforward. If you have an unusual situation, call your underwriter.

Cover letters

- The writing producer is the key source of financial information in the underwriting process.
- A cover letter explaining the sale's circumstances provides important information to help speed applications.
- The cover letter should include:
 - Background information on how the life insurance sale developed.
 - Purpose and need for life insurance coverage.
 - Income and net worth of the proposed insured or business.
 - Amount of insurance currently in force.
 - Applications submitted to other companies, their intended purposes and if you are the representative of record.
 - Amount of any coverage being replaced. State the reason for the replacement.
 - The total amount of coverage (from all sources).
 - Whether the sale involves premium financing.

Coverage amount guidelines

- The chart below outlines general coverage amounts for various insurance purposes. If you have an unusual case, call your underwriter.

Personal coverage/Income replacement

Age	Factor times income
<30	30x
31-40	25x
41-50	20x
51-55	15x
55-65	10x
>65	Individual consideration

Estate conservation

In general, we consider an amount equal to the taxable estate value multiplied by the estate tax rate.

Estate planning projection

- We offer single-life and second-to-die coverage (using younger insured's age).
- The chart below outlines our projected estate growth rates, at various ages.

Age	Years projected	Annual growth rate
41-50	20	6%
51-65	15	6%
66-70	10	6%
71-75	8	6%
Over 75	Individual case basis	

Personal loans

- We allow up to 70 percent of the outstanding balance of the loan to creditor. Loans must be a minimum of five years.
- We require the details of loan amount, purpose, repayment schedule, interest rate charged.

Juveniles

- We allow up to 50 percent of amount of insurance in force on an income-earning parent. (The non-income earning parent should also be adequately insured.)
- We require a cover letter and an Attending Physician's Statement (APS) if the amount exceeds \$500,000.

Charitable contributions

- The average contribution record for the past three years multiplied by 10 if age 65 or younger; or by five if over age 65 (may require third party financial verification).

Considerations

- Do you have a third party verified contribution record for the past three years?
- Is the charity an irrevocable beneficiary?
- Who is the owner of the policy and the premium payer?
- Does adequate personal and estate planning coverage already exist?
- Have you verified through tax documents that the organization is an incorporated charitable entity?
- **No Premium Financing allowed.**

Older ages

Below are underwriting guidelines for ages 70 and above, when amount is applied for reasons other than income replacement or estate planning needs.

- Face amounts over \$1 million at age 70 and above require third party financial documentation. See F58854-4 for more detailed information about third party financials.
- Death benefit: Up to one times net worth.
- Premium: Affordability is a key factor. We can consider premium up to 20 percent of income.
- If children are owners and/or premium payers, please provide additional details and further explanation.

Non-income earning spouse

- We allow \$1 million face amount on a non-income earning spouse.
 - As long as the income-earning spouse qualifies and has \$1 million or more in-force coverage.
- For face amounts above \$1 million on a non-income earning spouse, we allow 50 percent of the income-earning spouse's in-force coverage.
 - Up to a maximum of \$5 million, and up to age 50 on the non-income earning spouse.
- If the amount requested is outside these guidelines, call your underwriter.

Buy-sell, partnership buyout, stock redemption

- We multiply the percentage of ownership by the market value of corporation.

Key person

- Annual income (salary plus bonus) multiplied by the factor below. Factor will vary depending on circumstances.
- The chart below outlines the amount of coverage available in key person sales at various ages.

Ages	Factor
<50	up to 12x
51-60	up to 9x
>60	up to 5x

Business loan collateral

We consider face amounts up to 70 percent of a business loan amount as collateral.

Deferred compensation

- Premium amounts paid toward deferred compensation coverage can be considered part of income when determining amounts for multiples of income guidelines.
- We consider face amounts up to 18 times the proposed insured's income.
